

Foreign Visitors

1.Foreign Scholars

Affiliation	Subject	Duration
Institute of Soil Science, Chinese Academy of Sciences	CorporativeResearch for Assessment of Reducing Impact of Material Circulation in Asian Agro-Ecosystem	August 17, 2008 ~ September 17, 2008
China, Nanjing Agricultural University	Corporative Research on Hyperspectral Assessment of Crop and Ecosystem	January 27, 2008 ~ April 05, 2008
Netherland, Wageningen University	Comparative Study on Arro-Environment Consevation including Farming for Nature	March 02, 2009 ~ April 09, 2009
Landcare Research New Zealand Ltd.	Corporative Research between NIAES and Landcare Research under MOU	June 18, 2008 ~ June 30, 2008
Landcare Research New Zealand Ltd.	Corporative Research between NIAES and Landcare Research under MOU	June 18, 2008 ~ June 30, 2008
USA, University of California, Santa Cruz	Collaborative Research on Risk Estimation and Risk Reduction of Soil Fumigants	July 11, 2008 ~ July 12, 2008
Landcare Research New Zealand Ltd.	Corporative Research between NIAES and Landcare Research under MOU	August 16, 2008 ~ August 23, 2008
Landcare Research New Zealand Ltd.	Corporative Research between NIAES and Landcare Research under MOU	August 16, 2008 ~ August 23, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
Korea, National Institute of Agricultural Science and Technology	Corporative Research Project on Risk Assessment for Sustainable Agriculture	October 29, 2008 ~ October 31, 2008
China, Nanjing Agricultural University	Corporative Research on Nitrogen Circulation and Its Impact to Water Quality	January 08, 2009 ~ January 22, 2009
Institute of Soil Science, Chinese Academy of Sciences	Corporative Research on Nitrogen Circulation and Its Impact to Water	January 08, 2009 ~ January 22, 2009
Ferdowsi University of Mashhad,Iran	Collavorative Research on Separaton and Identification of New Bioactive Chemicals	January 15, 2009 ~ January 22, 2009
University of Malaya	Collavorative Research on Separaton and Identification of New Bioactive Chemicals	January 14, 2009 ~ January 22, 2009
Korea, Environmental Management Corporation	Simultaneous Multiple Analysis of POPs	March 15, 2009 ~ March 21, 2009
Korea, Environmental Management Corporation	Simultaneous Multiple Analysis of POPs	March 15, 2009 ~ March 21, 2009

Invitations, Training and Information Events

Affiliation	Subject	Duration
USA, University of Illinois	Corporate Research of FACE	March 15, 2009 ~ March 20, 2009
Pakistan Museum of Natural History	The Study of Advanced Taxonomic and Conservation Techniques Applying on Plants Species with Toxic or Other Biologically Functional Ingredients Implied Market as well as Environment	November 16, 2007 ~ November 15, 2008
Korea, Yeongnam Agricultural Research Institute, National Institute of Crop Science	Agrochemical Dynamics for Evaluation of Impact to Environment	December 10, 2007 ~ May 28, 2008

2.Fellows

Fellowship	Affiliation	Research Subject	Duration
Eco-Frontier Fellowship	Vietnam, Southern Institute for Water Resources Research	Risk Assessment about Changing Amount and Quality of Water Resources, and Its Effects for Rice Production in Mekong Delta Area	April 01, 2008 ~ March 31, 2009

3.Training

Affiliation	Subject	Duration
Iran, University of Tsukuba	Analysis of Soil Microorganism Mutation	April 01, 2008 ~ June 30, 2008
Peru, Tokyo University of Agriculture	Screening of Allelopathic Activity and Analyze of Plant Growth Regulators	April 07, 2008 ~ March 31, 2009
Bangladesh, Yokohama National University	Analysis of Naphtalane Polychloride and These Difusion Using Backtragectry Methods	May 26, 2008 ~ March 31, 2009
Indonesia, Yamagata University	Analysis of Atrazine in Soil	June 02, 2008 ~ March 31, 2009
Korea, Utsunomiya University	Examination of Allelopathy and Separation and Identification of Allelopathcal Chemicals of Cut Flowers	July 08, 2008 ~ October 09, 2008
China, University of Tokyo	Rates of Emission from Rice	July 13, 2008 ~ July 20, 2008
Korea, Musashi Institute of Technology	Examination of Allelopathy and Separation and Identification of Allelopathcal Chemicals of Walnut and Locust	October 06, 2008 ~ March 31, 2009
Iran, University of Tsukuba	Extraction and Analysis of RNA from Soil Microorganisms	October 14, 2008 ~ March 31, 2009
