Audit Office

(Research Divisions)

Agro-Meteorology Division

Carbon and Nutrient Cycles Division

Soil Environment Division

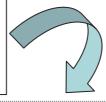

Organochemicals Division

Biodiversity Division

Environmental Biofunction Division

Ecosystem Informatics Division

Natural Resources Inventory Center

(Research Projects)

- Risk Assessment of Organic Chemicals
- Risk Management of Heavy Metals
- Ecological Impact Assessment of Invasive Alien Species
- Ecological Impact Assessment of Genetically Modified Organisms
- Biodiversity in Paddy Fields
- Ecological Functions of Semiochemicals
- Factors Affecting Crop Production Changes
- Mitigation of Greenhouse Gas Emissions
- Carbon and Nitrogen Budget in Regional Scale
- Environmental Risk Assessment of Nutrients
- Global Warming Monitoring
- Chemical Analysis and Monitoring
- Spatial Information in Agriculture
- Agro-Environmental Risk Indicators
- Classification and Information of Environmental Resources

Principal Research Coordinators
