Research Overview in 2009

Research Organization

President

Vice President

Auditors

Principal Research Director

Research Planning Office

Research Coordination Office

Public Relations and Information Office

Experimental Farm Management Division

Coordinator for Research Information Systems

Coodrinator for Safety Management

Principal Administrative Director

Administrative Services Office

Accounting Office

Audit Office

(Research Divisions)

Agro-Meteorology Division

Carbon and Nutrient Cycles Division

Soil Environment Division

Organochemicals Division

Biodiversity Division

Environmental Biofunction Division

Ecosystem Informatics Division

Natural Resources Inventory Center

(Research Projects)

- Risk Management of Organic Chemicals
- Risk Management of Heavy Metals
- Ecological Impact Assessment of Invasive Alien Species
- Ecological Impact Assessment of Genetically Modified Organisms
- Biodiversity in Paddy Fields
- Ecological Functions of Semiochemicals
- Climate Change Impact Assessment
- Mitigation of Global Warming
- Environmental Risk Assessment of Nutrients
- Global Warming Monitoring
- Chemical Analysis and Monitoring
- Spatial Information in Agriculture
- Agro-Environmental Risk Information and Indicators
- Classification of Environmental Resources

Principal Research Coordinators
